Effective April 2010 and until revised.

To calculate your cost for a Prepaid Life Membership: multiply the factor (next to your age on the factor chart) times the current annual Lodge dues. If your purchase is made between July 1st and December 31st, or if your dues are not yet paid for the current year, you must add 1 to each factor in the table. (For example: For age 72 the factor of 13.3 becomes 14.3) This addition of 1 to the factor enables the program to pay the first dues payment without having had time to earn investment earnings to do so.

This schedule supersedes all previously printed schedules, and will be in effect until further notice. Authority to revise the schedule is found in Section G22.03 of the Minnesota Masonic Code.
